

South Carolina Department of Health
and Environmental Control

PUBLIC NOTICE

Notice # 09613-01

June 17, 2013

This notice is to inform the public that the S. C. Department of Health and Environmental Control (Agency) is taking public comments on a Corrective Action Plan (CAP). This CAP addresses the cleanup of soil and groundwater contamination at the facility listed below. The contamination was caused by gasoline that was released from an underground storage tank system at this facility. Based on current data, the release does not pose a threat to human health or the environment.

FACILITY: Renewable Water Resources, 561 Mauldin Road, Greenville, SC

APPLICANT: Western Carolina Regional Sewer Authority, 561 Mauldin Road, Greenville, SC 29607-4208

SUMMARY OF CAP: Petroleum and petroleum byproducts naturally break down over time through chemical, physical, and biological processes. These processes are called natural attenuation.

PUBLIC COMMENT PERIOD DEADLINE: The **deadline** for submitting written comments is **5 PM July 15, 2013**. Any interested person(s) may submit written comments concerning the cleanup to the Project Manager listed below. Please bring this notice to the attention of persons whom you know will be interested in this matter. Where there is a significant degree of public interest, the Agency will hold a public hearing.

David Orgain
SCDHEC- UST Management Division
